## Derby & Derbyshire Safeguarding Children Partnership

### Learning and Development Programme February – December 2021

---

#### Our Vision

Safeguarding and promoting the well-being of children and young people is everyone's responsibility.

Our vision is to ensure that unborn babies, children and young people access the right service at the right time. In order to achieve this, we want to encourage good quality conversations between professionals and with families, so that the needs of each child in the family are understood clearly. Evidence from good quality assessments will in turn lead to the best possible decisions for children keeping them safe and getting the help they might need.

The learning and development programme aims to encourage staff and volunteers from all agencies to meet and study together in order to promote shared knowledge, skills, values, procedures and practice. We are committed to making sure learning and development is accessible for a variety of workers across Derby and Derbyshire.

The DDSCP provides multi-agency safeguarding training delivered in a variety of formats, including virtual delivery via MS Teams, classroom based delivery at Kedleston Road, e-learning, conferences, briefings and workshops. All multi-agency safeguarding training is available via the [DDSCP booking system](#).

All applications for training should be discussed with your line manager and/or safeguarding lead to ensure you are attending the right training for your role.

#### Important course information

All courses provided by the DDSCP are bookable via our [DDSCP booking system](#).

To book on a course, complete e-learning or attend an event, you will first need to register for an account. To register, please follow the link on the website to the [DDSCP booking system](#). Once you have registered, you will be able to:

- Book on a course or event
- Complete an e-learning course
- Keep a digital record of your training
- Download and print off your certificates
- Reset your password
- Update your details

You will need to complete a pre and post evaluation for all courses before being able to download your certificate. Some courses will ask you to complete a Post Event Stage Two evaluation after 60 days.

You will receive a confirmation email of the details of the course and your place. If you are attending virtual delivery a further email will be sent with links to the training. **Staff should only attend if their place has been confirmed via email.**

If you have any difficulties in registering or booking onto a course please contact the Training Team at [DDSCPtraining@derby.gov.uk](mailto:DDSCPtraining@derby.gov.uk)

Safeguarding training should be refreshed every **TWO** years for those with a designated safeguarding role/responsibility and every **THREE** for everyone else working with children and young people.

You should not keep taking the same safeguarding course but should choose other courses to help develop your skills and knowledge in this area. Ofsted and other inspecting/regulatory bodies look favourably on training records that show progression rather than repetition of the basics.

## Who requires training?

Everyone who comes into contact with children and families has a role to play and has a responsibility for keeping them safe (Working Together 2018). Course levels do not reflect the complexity of the course but the range of workplace responsibility of the participants.

**Role Level 1:** Those whose work or volunteering role brings them into contact with children and young people and families/carers.

**Role Level 2:** Those who work or volunteer regularly with children, young people and families/carers, and may be asked to contribute to safeguarding processes.

**Role Level 3:** Those with particular and specialised responsibility for safeguarding children through core safeguarding processes: assessments, child protection conferences, core groups, plans and responses.

**Role Level 4:** Those with responsibility for supervising or guiding staff in safeguarding processes or managing services such as safeguarding leads, designated or named professionals and managers of staff working at role level 1-3.

Staff and volunteers with **Level 1 and 2** responsibilities will have access to e-learning and materials on the [DDSCP website](#) and should be provided with induction and support from their own agencies.

All face to face and virtual courses are aimed at staff and volunteers who hold **Level 2 and Level 3** responsibilities.
